The above false advertisement is purporting to be a government investment platform guaranteeing \$2,700 weekly, activated by an initial investment of \$700. The Government of St. Kitts and Nevis has not authorised or publicized any such initiative. Persons should be aware of these scams and should not make any payments or provide personal banking information.

The General Public is reminded to exercise vigilance and caution when considering investment opportunities, which should include verification of such opportunities with the relevant authorities.
