

No. 0263

The Embassy of the United States of America presents its compliments to the Ministry of Foreign Affairs and Aviation of the Federation of St. Christopher and Nevis and has the honor to request assistance in ensuring that no support or services are provided to individuals and entities designated by the United States, to include seaport/marina docking permissions, maintenance, refueling or other resupply, or any other assistance to blocked vessels or other vessels that are owned or controlled by sanctioned individuals or entities. This will prevent efforts by Russian oligarchs to offload assets or obtain assistance during the invasion of Ukraine. Assistance in this will further advance the recently launched international task force to enforce sanctions on designated individuals and entities.

The U.S. government also requests notification to the U.S. Embassy in Bridgetown if blocked vessels or vessels owned or controlled by sanctioned individuals or entities are encountered. The appropriate point of contact is country officer for St. Christopher and Nevis, Mrs. Cierra Saylor at [SaylorCG@state.gov](mailto:SaylorCG@state.gov) or +1-246-227-4175.

The Embassy of the United States of America avails itself of this opportunity to renew to the Ministry of Foreign Affairs and Aviation of the Federation of St. Christopher and Nevis the assurances of its highest consideration.

Enclosed: Additional information, including data on some of the designated vessels, names, IMO numbers, their last known locations, and flag registry information.

Embassy of the United States of America,

Bridgetown, March 7, 2022.
